

## **Public Service Announcement**

Attention Oglala Sioux Tribal Members!

The time has come to tell the federal government your thoughts on the Dakota Access Pipeline.

The U.S. Army Corps of Engineers is hosting two virtual meetings next week for public comment on the DAPL environmental review. Make your voice heard! The Army Corps must take into consideration formal comments for this project so your input is very important.

These meetings will take place **Thursday, October 15 and Friday, October 16 from 6:00 to 9:00 p.m. (Central Standard Time)**. Due to COVID-19, the meetings will be online-only over a Facebook live event. Participants do not need a Facebook account to watch the meeting online but a Facebook account is required to use the chat function.

The meeting can be accessed at:
